CUSTOMISE

LET US CUSTOMISE YOUR WORKWEAR

TONEL Workwear creates a wide variety of workwear that can be customised to suit your company or a event's needs.

TONEL Workwear offers customised embroidery, screen printing and reflective tape application in order to brand your workwear with your company logo or message. If your industry requires high visibility for safety; we can apply reflective or fluorescent tape to any of our garments.

ON-SITE EMBROIDERY AND SCREEN PRINTING

We all know that visual identity is just one of many important factors in creating and maintaining the right perception and impression for your business or organisation.

Embroidering your company's logo/name will make your company instantly recognisable.

Customising your workwear also identifies your staff and establishes them as trustworthy professionals. Providing a brand identity and making them feel safe will give your employees a sense of belonging to a team and an awareness of unity and pride.

You can select from a palette of colours to match your logo accurately for embroidery or screen printing.

EMBROIDERY AND SCREEN PRINTING REQUIREMENTS

- Your company logo (preferably a high resolution PDF file) with your Pantone colour reference
- The size and positioning of your logo(s)
- The quantity you require and what products you will be branding
- Your final sign off on your customisation approval form

REFLECTIVE TAPE APPLICATION

Ensure high visibility; select from a wide range of reflective and fluorescent tapes to apply to your workwear or any other garment.

SIZE CHART: MEN

Area of measurement	Size XS	Size S	Size M	Size L	Size XL	Size 2XL
Height	180	180	180	180	180	180
To Fit Bust	85	90	95	100	105	110
To Fit Waist	75	80	85	90	85	100
To Fit Hip	90	95	100	105	110	115

This is body measurements. Measurements in cm.

When taking these measurements, use a cloth tape measure, not a metal one. Make sure that, when you circle your chest, waist, or hips, the tape is level and neither too tight nor too loose. Also measure yourself on your bare skin, not over clothes. And this may sound silly, but don't trust your memory — be sure to write the measurements down!

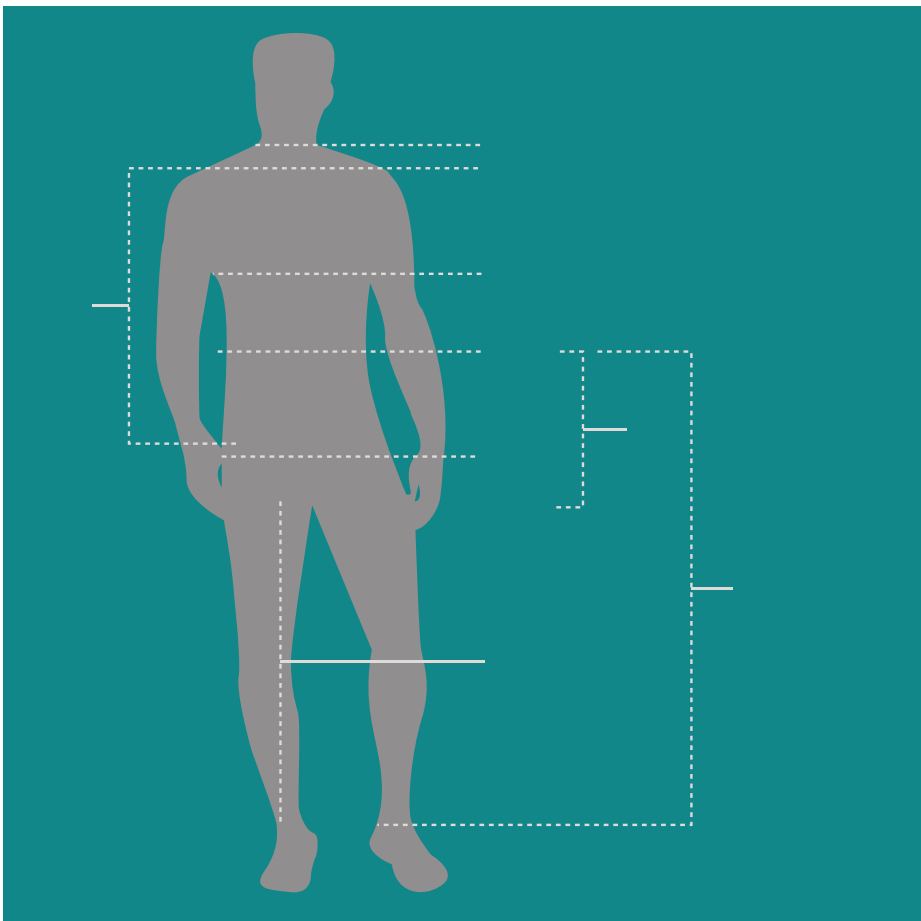

HOW TO MEASURE WAIST, HIPS, CHEST, AND MORE

The diagram above depicts the most appropriate locations to begin and end measurement for the different areas of your body. Often times, men will measure at the wrong location and get false results. For example, when measuring your waist, some people take the measurement below the belly button when your natural waistline is located above the belly button! Check out the easy-to-follow instructions for getting accurate measurements for each body part below:

CHEST: Measure the circumference of your chest. Place one end of the tape measure at the fullest part of your bust, wrap it around (under your armpits, around your shoulder blades, and back to the front) to get the measurement.

WAIST: Measure the circumference of your waist. Use the tape to circle your waist (sort of like a belt would) at your natural waistline, which is located above your belly button and below your rib cage. (If you bend to the side, the crease that forms is your natural waistline.) Don't suck in your stomach, or you'll get a false measurement. If you generally wear your clothes below your waist, take that measurement as well.

HIPS: Measure the circumference of your hips. Start at one hip and wrap the tape measure around your rear, around the other hip, and back to where you started. Make sure the tape is over the largest part of your buttocks. Because making sure the tape is level back there can be hard, try to do it in front of a mirror.
